

WA BESPOKE

BY SAGELIVING

Wa

Bespoke

Wa' marks the melding of two different personalities that share the same desire and a strong commitment to design and excellence through innovation. With an incredible eye for detail and a passionate drive to exceed expectations, we've worked to deliver the best possible design experience, helping our customers express their style—not just buy furniture. Our atelier is the space where creative engines meet pragmatic minds to produce unique and bespoke designs. We work with mediums such as stone, metal, wood, fabrics, resin, ceramics, and micro-mosaics.

Wa's team of professionals invest their time and diligence to design a product, resulting in exceptional quality. We produce for those that appreciate the rigorous process required for high-quality manufacturing. Our pieces are crafted one at a time, as we strive to maintain the artistry and grace in traditional high-quality craftsmanship at a viable human scale with ethical methods of production.

KEERTHI TUMMALA
Co-Founder, WA Bespoke

Wa is all about creating something magical, the unexpected with utmost love. It's pushing the boundaries and showing the world the purest form of craftsmanship. We believe in finding the greatest value in the smallest volume. A manifestation of two individuals' passion and desire to unite natural materials, generational craftsmanship and creating a truly bespoke vision. It's the artist and craftsman, the worker and ideologue, a maker and a seller, a unified squad, working together to weave something whimsical. We are on a quest to craft the best bespoke experience.

RAM KABADI
Co-Founder, WA Bespoke

Ram Kabadi, Bypassing academism and codes, who spearheads Jaccana! A studio which is at the forefront of the international maker's scene. He is one of the very few multi-disciplinary makers of the current generation. Ram's approach takes him from working on mediums like stone, metal, nacre, wood, resin and ceramic to projects that stretch the outer limits of product design. The products he makes speak the languages of architecture, craft and technology to defy the definition of art as we know it. His work goes beyond the usual destinations of decorating and embellishing to reach towards a vaster territory and explore the unexplored.

Exclusive, Evocative & Extraordinary

DESIGN THAT IS UNIQUE TO YOU

Our Philosophy

Our design ethos is based on the versatility of essential forms. We are a unique assortment with the finest custom-made process and a genuine multi-disciplinary approach to creativity that combines our love for craftsmanship, techniques, and homage to the incredible craftsmen whose contributions manifest in each piece we make. We believe design is a business of optimism, and in that spirit, we continue to grow and evolve.

Our Commitment

Wa's team of professionals invest their time and diligence to design a product, resulting in exceptional quality. We produce for those that appreciate the rigorous process required for high-quality manufacturing. Our pieces are crafted one at a time, as we strive to maintain the artistry and grace in traditional high-quality craftsmanship at a viable human scale with ethical methods of production.
